Application/Control Number: 09/807,468 Page 2

Art Unit: 1742

1. The following is an examiner's statement of reasons for allowance:

a) Claims 44-52 and 54-57 are allowable, as indicated in the prior Office Action.

b) Claims 1, 3, 28, 29 and 53 are allowable because the sole basis for rejection of these claims was based on an assumption that the EP 466606 reference disclosed alpha+beta

titanium alloys, as set forth in the instant claims, and the examiner based that assumption on

material disclosed in the Kuroda et al. '499 reference. Based on Applicant's analysis of Kuroda

on pages 12-13 of the September 27, 2004 response, it is clear that the examiner's assumption

regarding alpha+beta alloys was based upon a misinterpretation of Kuroda, i.e. Kuroda does

not, in fact, suggest that the alloys employed by EP 466606 are alpha+beta alloys. Further,

nothing in EP '606 or any other art of record would have rendered it obvious to apply the

teachings of EP '606 to alpha+beta alloys.

Any comments considered necessary by applicant must be submitted no later than the

payment of the issue fee and, to avoid processing delays, should preferably accompany the

issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons

for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to George Wyszomierski whose telephone number is (571) 272-1252. The examiner can normally be reached on Monday thru Friday from 8:00 a.m. to 4:30 p.m. Eastern time.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Roy King, can be reached on (571) 272-1244. Effective October 1, 2003, all patent application related correspondence transmitted by facsimile must be directed to the central facsimile number, (703) 872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
